

5 WAYS TO SHOW DAD YOU ❤️ HIM THIS FATHER'S DAY

After reading the results from our recent Father's Day survey we've come up with 5 ways to make this Father's Day the best yet.

1. Give Dad a hug. (Did you know that huggers make better givers? Our survey reveals that they do.)

2. 66% of respondents think their Dad's humour gets worse over time, so make sure you **laugh at his jokes**, because, let's face it, sometimes he really is funny.

3. Make some family time. 38% of respondents say the eldest sibling has the responsibility of organising Father's Day celebrations, so get the whole family in on it and make Dad feel extra special.

4. They say the way to a man's heart is through food, so **cook him something special.** 50% of respondents say their Dad is a mediocre chef, so you could give him some tips at the same time.

5. Give Dad an awesome gift! An experience gift from RedBalloon, of course ;)
